

A PETITION TO GOV. CUOMO OF NEW YORK

AND ALL GOVERNORS OF THE UNITED STATES OF AMERICA

Shame on you! You have promoted and applauded legislation in the Empire State that will guarantee unrestricted abortion for any reason up until the moment of the birth. Under the so-called "Reproductive Health Act," you have put the lives of New York women in jeopardy by allowing non-physicians to perform abortions. You have opened the door to unrestricted abortions throughout pregnancy. And you have allowed infanticide by removing protections for babies born alive during an abortion. You have even removed penalties for illegal abortion. There is now no more dangerous place for unborn children than New York state.

We the undersigned demand that you and the governors of every state in the Union reject New York's deadly path and instead encourage laws to protect children and their mothers from the tragedy of abortion and infanticide. The children and mothers of New York and throughout America deserve much, much better. They deserve the warmth of life, not the cold embrace of death.
