Whereas the drug mifepristone is used to take the lives of unborn children, and

Whereas the drug mifepristone has also been associated with potentially severe side effects for their mothers, resulting in visits to the emergency room for more than 10% of patients and complications such as infection, hemorrhage, or ruptured ectopic pregnancy for as many as 5.2% of those taking the drug, and has been linked to 28 deaths in the United States alone, and

Whereas CVS, Walgreens, and Rite Aid pharmacies have recently announced plans to dispense this dangerous and lethal drug, and

Whereas, pharmacies traditionally have been, and should be, operated for the purpose of providing drugs that cure and treat disease, rather than killing,
